

PowerBird® Gold Edition

Strong, stronger, PowerBird® Gold Edition

The exclusive Gold Edition with 4046 lbs. traction power by GESIPA®, the inventor of battery powered riveting

Strong – stronger – PowerBird® Gold Edition

PowerBird®, the allrounder of the GESIPA® Bird family with high versatility is now available with higher power: with 4046 lbs. traction power it can also set the G-BULB®- and PolyGrip®-Blind rivets up to Ø 6,4 mm (1/4") all materials.

Hand – PowerBird® Gold Edition

- Fatigue free working through well balanced weight repartition and ergonomic grip
- Gravity controlled evacuation of spent mandrels: forward through the nosepiece or backwards into the mandrel container
- The quick and automatic reset after each riveting process saves energy and speeds up the operation
- Exchange nosepieces and wrench included in the tool to eliminate work interruptions
- Compact, shockproof tool housing
- Complete with: metal carrying case, one battery charger, one battery and four nosepieces (17/32, 17/36, 17/40 and 17/45)

PowerBird® Gold Edition in plastic carrying case with one 14,4 Volt / 2,6 Ah Li-Ion battery and charger
