## Item # TU-SM6UPO30ZT, UPO Series – Steel

### Large Flange European Style

Large flange provides increased strength and better containment of round or oversized holes

Available materials include: Steel, Aluminum, 304 and 316 Stainless Steel

Grip range can be affected by parent material and hole size.

Sherex recommends trial installations to determine the proper grip range for the application.

Closed End sizes available: M4, M5, M6, and M8

Also available with imperial threads – minimum order quantity is 25,000 pieces

**\*316 Stainless Steel has**
