PRN314 3/32 NOT VERY COMMON

PRN414 1/8

PRN514 5/32

PRN614 3/16

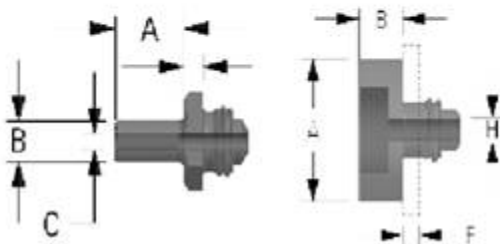

PRN811 1/4

Specialty Nosepieces

POP rivet tools are furnished with nosepieces to set the most frequently used range of rivet sizes.

Special nosepieces are available for particular applications where extra reach into narrow channel or pivot functionality is required.

Standard Nosepieces

Type	Rivet Size	Notes	Part Number	H		B		A		F	
				in.	mm	in.	mm	in.	mm	in.	mm
